## Bio:

PRIVATE ANGEL are a bunch of friends that know each other since 25 years. They were constantly playing the music they like. And this is in fact the music You like, otherwise you would not be reading this.

While Peter and Dazz had a Group in the early 80s, which was called Maggie's Madness (later renamed as "Wildcat"), Robbo and Jo have been the heart of the Rockband "Vacancy".

Beside Talon and later Frontline, these two rocking Acts were the only ones out of Nuremberg that got their name spread all over Germany and Europe.

PRIVATE ANGEL's third release means the full pack for your ears. Straightforward, on the level and neat they bring things to the point. 12 powerful and well produced songs covering everyday matters as well as current incidences just like the afghan complex of problems. PRIVATE ANGEL plays adult, heavy and straightforward music in which you can feel the experience of a lifetime in Rock business, loaded with catchy tunes and recognition value.

+++++

Private Angel sind Freunde seit mehr als 25 Jahren. Seit dieser zeit machen sie die Musik, die sie lieben und leben. Und das ist Deine Musik, ansonsten würdest du dies hier nicht lesen.

Während Peter und Dazz in den frühen 80ern eine Gruppe namens „Maggie's Madness“ hatten (später umbenannt in „Wildcat“), waren Robbo und Jo das Herz von „Vacancy“.

Neben „Talon“ und „Frontline“ waren dies die einzigen beiden Nürnberger Rock-Acts, die es geschafft haben, ihren Namen über Europa hinaus in die Welt zu verbreiten.

Das dritte Album der Franken bringt das volle Pfund für die Ohren! Geradeaus, ehrlich und eingängig bringen PRIVATE ANGEL die Sache auf den Punkt. In 12 kraftvollen und gut produzierten Songs setzen sie sich dabei mit aktuellen Themen wie z.B. dem Afghanistankomplex auseinander, schreiben aber ebenso über die Dinge des

täglichen Lebens. PRIVATE ANGEL machen reife, harte und ehrliche Musik, der man die Erfahrung der Musiker im Rock-Business anhört - und das mit Widererkennungswert und Mitsingfaktor.
